Treasurer Thompson on the Cost of Distributing the Fund.

HIS SERVICES ARE GIVEN FREE.

The Experience of a Paster in Making Out a Registry List.

MORE TROUBLE IN THE COAL REGIONS.

The Trunk Trugedy Which Wildly Agitated the Police of Wheeling.

A Catholic clergyman at Johnstown had great difficulty in securing a list of those of his congregation who were saved. He got some money to distribute among them and the list is now complete. The situation in the coal regions is very threatening.

ISPECIAL TELEGRAM TO THE DISPATCH. JOHNSTOWN, August 4.-When questioned about the expenses of the office where the distribution of the money is being made, Treasurer Thompson said he could not tell what they would be. Judge Cummin had hired a number of clerks and notaries who would have to be paid. So far as his department was concerned, Mr. Thompson said there would be no charges made. He gave his own services free, and his extra clerk hire, which would probably amount to several hundred dollars, would be paid out of his own pocket. The same was true of the Pittsburg fund. Every dollar of this fund coming into his hands, as treasurer, would reach the sufferers, the members of the committee all giving their services

As to the State Commission's expenses Mr. Thompson had nothing to say, but it is understood here that Judge Cummin was being paid for his work and Secretary Kremer is on a salary. The other members, it is presumed, make no charges, except that likely their expenses are paid when they attend the meetings of the commission. In-assuch as the daily expenses of the clerks and notaries are considerable there is another good reason why the matter of paying out the money should be done as rapidly as pos-Services were held at Camp Hamilton

Services were held at Camp Hamilton this forenoon, all the soldier boys turning out to participate in them. Rev. Father Tehaney, pastor of St. John's Catholic Church, which was destroyed by fire, tried shortly after the flood to have a registration made of the members of his congregation who were lost, as well as those who tion made of the members of his congrega-tion who were lost, as well as those who survived. Owing to indifference on the part of the people to come and report, he was unable to get anything like a correct registry. Recently he received several thousand dollars that had been contributed for his people and began distributing it to

the most worthy poor.

None received money, however, unless they were registered, and when it became spread abroad that there was money being paid out there was much activity in the register's office for a few days. The money has about been paid out now, and a pretty correct registry has been made. Father Tehaney thinks the loss of life in the congregation will reach about 300.

The bridge over the Conemaugh gave

way considerably; again to-day, and the question that is bothering everybody is how to provide means for erecting a safe and permanent structure.

#### STRIKING MINERS.

Fenrs of Serious Trouble in the Gallitzin and Punxsumwney Regions - The Companies Threaten to Evict Their Men From The

ISPECIAL TELEGRAM TO THE DISPATCHI. HUNTINGDON, PA., August 4.-The ong the miners in the Gallitziz and Punxsutawney regions for an increased rate for mining threatens to be a determined and stubborn fight. The company at the latter place, whose men are now on strike. have given notice to the miners that when they resume work they will receive 5 cents per ton less than they were being paid at the time they struck, which will make the rate 40 cents per gross ton. The notification further says that if the miners are not at work in five days they will be evicted from the company houses. Should this threat be carried into execution, however, the families of the evicted miners will be supplied with tents to shelter them.

The situation in the Clearfield and Philipsburg districts is viewed with forebodings by business men and operators alike, in consequence of the efforts of the operatives in the Connellsville coke region to advance the mining rate. It was due to the low rate paid the miners in that region that produced the five cent reduction at Gallitzin a year ago, and it was this reduced rate that had the effect of causing orders held by Philipsburg operators to slip from their books to be filled by operators paying a lower rate. This naturally led to uncertain work and a feeling of distrust and uneasi-ness among the miners in the Clearfield district, and finally culminated in the strike at Gallitzin, Punxsutawney and other places. The Connellsville rate ranged from 25c up 38 cents per ton; at Gallitzin, 45 cents per gross ton, and in the Philipsburg region 50

cents per gross ton.

At a meeting af the Clearfield miners and those of Beech creek, held at Osceola Mills, John L. Tackett, of Philipsburg, was John L. Tackett, of Philipsburg, was elected to visit the Pocohontas, Va., George's Creek, Md., and the Meyersdale regions to procure aid in support of the miners now on a strike. It is claimed by the Clearfield operators in the Punxsu-tawney coal fields that they cannot afford to pay the advance de-manded by the miners at the latter place manded by the miners at the latter place because of the heavy character of the coal mined there. There are other questions of insufficient pay leading up to the present strike that may result in a declaration for a general strike unless the operators shall concede to the miners' demand.

A TRUNK MYSTERY.

The Supposed Tragedy Which Excited the Wheeling Officers.

SPECIAL TELEGRAM TO THE DISPATCH. WHEELING, August 4 .- There was a big sensation in police circles this morning, and for a time it looked like the force had a mur-der mystery on hand. The Baltimore and Ohio employes sent out word to the City Hall that they had a trunk at the baggage room which emited a decidedly ancient and fishlike smell.

The officers broke off the lid, and found a lot of air net and moldy clothing smelling like butchers' offal on the top of the trunk, and under the tray was a dead pig wrapped in wet grass. The trunk was marked to go to McKeesport, Pa.

JUDGE CUMBIN IS ILL.

His Physician and Friends Are Not Hopeful of His Recovery.

CEPECIAL TELEGRAM TO THE DISPATCH. 1 ALTOONA, August 4.-Judge Cummin, a member of the commission to distribute the funds to the Johnstown sufferers, is lying dangerously ill at Cresson Springs, suffering from Bright's disease. His family physician, Dr. Lyon, of Williamsport, is in attendance, with others. His recovery is

Drowned in the Monongahela. McKeesport, August 4.—An 8-year-old daughter of Thomas Baker, a wellknown employe of the National Tube be

Works Company, was drowned in the Monongahela river at 6 o'clock this evening.
The child, with several others, was in a skiff, and was jostled out by waves caused by a boat. The river was dragged until 8 P. M., but the body was not recovered.

A SENSATION PROMISED.

Taking Part to a Lynching. [SPECIAL TELEGRAM TO THE DISPATOR.]
LEWISBURG, W. VA., August 4.—The Coroner's jury summoned by Justice Withrow to investigate the recent lynching of

morrow Some sensational developments are looked for, and it is said very prominent men will be arrested.

Only 20 men were concerned in the lynching. Constable L. V. Reynolds, the man Carter is supposed to have shot, will recover men will be arrested.

THE LOVE TREE.

A Peculiar Tropical Plant in Bloom in Allegheny Greenhouses-The Fruit Will

Ripen Next July. The Allegheny greenhouses have a particular attraction at present in the shape of a blooming "love tree." The plant stands just inside the entrance of the palm house, and it attracted the attention of all the

visitors to the conservatories yesterday.

The "love tree," or philodendron diliciosa, is a tropical plant, its clime being Brazil. Its usual growing places are on rocks, and as a wall plant against a house it develops very rapidly. The leaves are large and peculiarly shaped, having deep incisions, which divide them into many elongated false leaves. The blossom resembles the flower of the calla lily in color and size, and it combines in its fragrance all the delicious perfume of the entire flora, A peculiarity of the plant is the fruit, which takes a whole year to develop and ripen. Mr. Hamilton, who showed the reporter the "love tree," pointed the fruit out. It looks like the ear of a very large

cow.
"It will not be ripe until next July," said Mr. Hamilton, "but it is well worth waiting for, because I do not believe that there is another fruit so delicious as that of the "love tree." Its taste has the flavor of the peach, the pineapple, and all other sweet fruits, but to offset the insipidity which might arise from so much sweetness. which might arise from so much sweetnes it also has a taste of pepper, which makes the truit all the more delicious."

the fruit all the more delicious."

While talking about the great number of visitors who come to the parks now, the genial Superintendent said that the last time he had kept a record of the people coming to the greenhouses he counted 2,077 in one day. This was early in the spring, and since then the number has largely increased, making the average about 2,500 people.

Mrs. Jennie Dewey Placed in Jail Yesterday-A Story of the Trouble-Hearings In Both Cases to be Held To-Day. Mrs. Jennie Dewey, wife of Dr. M. M. Dewey, who brought suit against Mrs. Dr.

Prossley on Saturday, and who is herself charged with assault, battery and surety of the peace by Mrs. Dr. Crossley, was placed in jail yesterday. Alderman Gripp, before whom Mrs. Dewey entered the suit against Mrs. Crossley, was unable to give much information

about the case. It seems, however, that Dr. Dewey came to Pittsburg from Syracuse, N. Y., nearly a year ago, leaving his wife behind visiting friends. Shortly after Mrs. Crossley came to Pittsburg and was engaged as an assistant in Dr. Dewey's office, at No.

Attorney John S. Lambie, who has been retained as counsel for Mrs. Dewey, refused to say anything about the case, further than to state that if his client could establish the tory she had told him she could make out

The hearing in both cases will be held to-day—the case of Mrs. Dr. Crossley being before Magistrate Gripp and that of Mrs. Dewey before Magistrate McKenna.

ANOTHER CABLE CHANGED.

One of the Fifth Avenue Lines Lasted Over Eleven Months. The cable on the Fifth avenue traction

road, which runs from the Oakland Powe House to the East End, was renewed last Thursday night, after having run since the ninth day of last September. As the average life of a cable is considered six months, this cable must have had an unusually robust constitution. Ordinarily a cable will run 45,000 miles and do good service, while this discarded cable made a run of 75,000
